PROFILE SUMMARY

A passionate and detail-oriented **Electronics and Communication Engineering graduate** with a strong interest in **web development and programming**. Skilled in **React, JavaScript, and front-end design**, with hands-on experience building responsive and interactive web applications. Quick learner with excellent problem-solving and communication skills, seeking an opportunity to contribute to a dynamic tech team while continuing to enhance my technical expertise.

Technical Skills

Frontend: React, HTML5, CSS3, JavaScript (ES6+), Bootstrap
Backend: Node.js, Express.js (Familiar)
Database: MongoDB (Basics), MySQL
Tools: Git, GitHub, VS Code, Netlify, Vite, NPM

PROJECTS

SkySense Weather App | ReactJS, OpenWeather API, CSS, Axios

- * Built a responsive weather app to display real-time temperature, humidity, and wind speed for any city.
- * Integrated the **OpenWeatherMap API** with **Axios** for fetching live weather data and added dynamic backgrounds based on conditions.
- * Ensured mobile responsiveness, smooth performance, and error handling for invalid inputs.
- * **Live Demo:** skysense-weather.netlify.app — **GitHub:** github.com/mdishaalam1898/skysense

Feedback Application — | ReactJS, Firebase (Firestore), CSS, Vite

- * Developed a real-time feedback web app with Firebase Firestore integration for secure cloud data storage.
- * Implemented React Hooks to manage form state and live updates efficiently.
- * Designed a responsive and minimal UI for smooth user experience across devices.
- * **Live Demo:** <https://feedback.netlify.app/> — **GitHub:** github.com/mdishaalam1898/feedback-app

Notes Management Application | ReactJS, Local Storage, CSS, JavaScript

- * Built a lightweight and user-friendly **Notes App** that allows users to create, edit, and delete notes directly in the browser.
- * Persistent data storage using **Local Storage**, ensuring that notes remain even after page reloads.
- * Added features like search, note timestamp, and color-coded note organization for enhanced usability.
- * **Live Demo:** smartnotes-app.netlify.app — **GitHub:** github.com/mdishaalam1898/notes-app

Expense Tracker App | ReactJS, CSS, JavaScript

- * Built a responsive Expense Tracker to add and delete expenses with a clean, minimal UI.
- * Implemented dynamic total spending tracking and persistent data storage using `localStorage`.
- * Ensured smooth performance and accessibility across all device types..
- * **Live Demo:** expense-app.netlify.app — **GitHub:** github.com/mdishaalam1898/expense

CERTIFICATIONS

- * Programming with Java, JS, and DSA in Java (**Coding Ninjas**) .
- * Adv.Front-End with ReactJs (**Coding Ninjas**) .
- * Database Management System (**Coding Ninjas**) .

EDUCATION

Greater Noida Institute of Technology, U.P.

B.Tech - Electronics and Communication - Aggregate - 65%

Greater Noida, U.P.

M.S.T.D College Katihar.

Senior Secondary - Aggregate - 70%

ACHIEVEMENTS

 **Hackerrank:** Achieved 5 star **Leetcode :** Solved 65 problems **Assesment :** Hackerrank Certificate
